TO COUNTY ASSESSORS:

CORRECTION TO DISABLED VETERANS' \$15,000
EXEMPTION INCOME LIMITATION—REQUEST FOR STATISTICS

The 1978 household income limit to be used in 1979 to determine the eligibility of claimants of the Disabled Veterans' \$15,000 Exemption should be \$23,100, not \$23,000 as shown in our letter to assessors, number 79/65, dated April 3, 1979. The State Franchise Tax Board confirmed that the \$23,100 figure is the correct figure and is the same amount they use in administering property tax postponement laws.

We suggest that you review all claims for the \$15,000 exemption which you have denied because of excessive income and allow those you find meet the \$23,100 limit.

As this is the first year of filing for the \$15,000 exemption, we would like to know the following statistical information as soon as it is available:

1. Number of claims allowed the \$10,000 exemption (injuries)
2. Number of claims allowed the \$10,000 exemption (disease)
3. Number of claims allowed the \$15,000 exemption (injuries)
4. Number of claims allowed the \$15,000 exemption (disease)
5. Number of claims filed for the \$15,000 exemption but only allowed the \$10,000 exemption because the veteran had household income in excess of \$23,100

Please direct the statistical information and any questions you have to Bill Grommet or Bill Minor of this division.

Sincerely,

Verne Walton, Chief
Assessment Standards Division
